Capabilities Statement

Rook & Knight was founded by Ray K. Ragan after his injury while serving the U.S. Army in Iraq. Upon returning, Ray leveraged his civilian expertise in Software Engineering, Database Management, Project Management and Public Relations by forming a team of technology experts to provide professional services in the digital age for your needs.

Past Performance

- Developed an Information System linking all sustainment public affairs operations in Iraq for the U.S. Army
- Developed an Information System linking all Arizona task forces to provide a common operating picture for Customs and Border Protection and National Guard Bureau
- Developed dozens of Web Applications for civilian non-profits and corporations

North American Industry Classification System (NAICS)
